

AMENDMENTS TO THE SPECIFICATION

IN THE SPECIFICATION:

Please amend the paragraph beginning on page 13, line 16, as follows:

Our Swedish Patent Application No. 9704924-1 and the corresponding US ~~Application No. 024,641~~ Patent No. 6,563,951, describe an alternative way of matching the images in order to find the best overlap position. The content of these applications is herewith incorporated by reference.
